Dear Señor Piets,

On calculating the extra number of pages which the poems will occupy I find that

it will make at least 8 pp. extra beyond the estimate. This will increase the cost of the book by £15 making the total £55.

The printing or blocking of white lettering on the cover would be possible, but would be also an extra cost, probably 30/- more. Let me know tomorrow if we are to proceed with the work.

I enclose a sample of the only red paper we can do.

Yours sincerely

Alex. Moring

Director

Señor Gregorio Piets.
