Dear Mr Prieto

No doubt by this time you have received my previous letter with the required information.

My wife would like to ask a tremendous favor of you. The problem is your picture "A Tribute to Antiquity" is too large for our house while we love it so very much, it doesn't do the picture justice to be so crowded. Now, if you could, we would like to exchange it for one or two of your other pictures, as you had so many fine ones. I remember well your picture called "Roma", & of course there were many others. Please think about it

BERKELEY  
and perhaps you can let us know when  
we see each other. Thanking you very  
much & with our best to you

Sincerely

George Alfred.

P. S. Please write us to our Youngstown address  
where we can reach you in New York City as we  
will be there about March 10<sup>th</sup>.
